Mission Statement

Our mission at The Creative Child Learning Center[®] is to provide children with a loving, nurturing, environment allowing for social and emotional growth. Hands-on learning is accomplished through creativity, self-expression, and good old-fashioned fun!

We believe interaction among children, parents, and staff is the key ingredient for providing a comforting and secure home away from home.

We will continually strive to ensure that your child's preschool memories are those of warmth, laughter, and happiness.

Philosophy and Goals

The Creative Child Learning Centers® are nationally accredited and are designed to meet the emotional, social, physical and intellectual needs of children in a safe, home-like and loving environment. The unique characteristics of each individual child are valued, and a well-trained and talented staff nurtures each child's interests and developmental advances. We believe childhood should be a time of joy, love and adventure. At the Creative Child Learning Centers®, children are appreciated for their diversity, their challenges, their successes and their tremendous potential. The center's child caring philosophy is based on flexibility and choice for the children. The center acknowledges and accommodates the developmental stages of the child; the child does not have to change to fit the center.

The centers are a home away from home for both the children and their parents. Communication with parents is a top priority. The staff carefully follows parents' instructions when feeding and diapering the children. With daily communication through conversation, written notes, and Brightwheel®, a communication application for your smartphone, the staff and parents form a team to help each child's day run smoothly. In addition to daily

communication with the parents, each classroom produces weekly newsletters.

Parents are always welcome to drop in anytime during the hours the center is open.

Children's most important years for emotional, social and intellectual development are ages birth through five. They require feeling loved, secure and accepted as they begin their educational process which will extend from early childhood through adolescence and into early adulthood. We foster the belief that it is during these critical years a child discovers his/her unique qualities, self-worth and, if properly stimulated and guided, those of his/her peers. It is our goal to provide children with a sense of trust in the world away from home, joyful memories of special friendships, and incite perpetual interest for acquiring knowledge.

Curriculum Philosophy & Practices

Kaplan Early Learning Company's **Learn Every Day**, the program for Infants, Wobblers, and Toddlers, is written by experts in the field of early learning and packed with hundreds of activities to provide a nurturing and educational environment for these age groups. Activities are domain specific and include the following: **Brain Builders** – Activities to develop cognitive skills; **Talk to Me** – Ways to enhance communication and language skills; **Change My Life By Turning a Page** – Early Literacy development; **On the Move** – Gross and fine motor skills; **Shake the Rattle and Roll** – Music and movement, fingerplays, and songs; **I Am My World** – Enhancing sensory development; **Exploring the Natural World** – Indoor and outdoor activities; **I Need a Hug** – Individual and small group activities to build social skills for life.

The Investigator Club Curriculum is a comprehensive fully-integrated inquiry based curriculum for our threes and fours with a focus on **"Play With A Purpose,"** utilizing the Power of Investigation, the Power of a Story, and the Value of Characters. It builds upon children's natural curiosity about the world and their place in it. The heart of the Investigator Club awakens the scientist and the explorer in every child.

The Investigator Club Curriculum is researched based with an emphasis on oral language development, print-rich

environment, in-depth content across domains, "best practices" in literacy for early readers and writers, problem solving, math and science processes, provisions for social and emotional growth, assessment, and professional development.

This outstanding curriculum has the tools to help accommodate every child's unique needs with differentiation of instruction, lesson modifications, Individual Educational plan reminders, varied instruction methods, ongoing assessment and intervention strategies, and strong researched based materials. Instruction in the Investigator Club Learning System is scaffolded through 10 critical domains of learning, providing support for children to build knowledge over time which allows them to have a deeper understanding of concepts and a broader level of experience.

Our Programs...

Learning should only be this much fun!

Our great respect for the individual child derives from the findings of Jean Piaget, who discovered the developmental thought process of infants, toddlers and preschoolers. From Piaget's work, early childhood educators know that children learn best through play.

"The more that you read, the more things you will know.

The more that you learn, the more places you'll go."

– **Dr. Seuss**, *I Can Read With My Eyes Shut!*

Reading and literacy are an integral part of our program from Infants through Pre-kindergarten. In addition to our school learning library, every classroom is stocked with books.

Infants

The infant room is designed to reflect a home-like feeling with eating, sleeping, and play areas. Our babies are bottle fed in rocking chairs as they would be at home. Infants are on their own schedules. Our staff understands the importance of talking, singing, and warmly interacting with the babies throughout the day. Indoor activities promoting intellectual stimulation are planned based on the developmental stage of each infant. Parents may expect daily verbal and written reports on eating, changing schedules, sleeping, and new developments. Each infant has his/her individual crib. Bottles & baby food, disposable diapers, wipes, creams, crib sheets and blankets must be provided by the parents.

Wobblers

Through supervised play in a planned, stimulating environment, wobblers rapidly acquire a foundation of basic skills and capacities during the first two years as motor skills develop and early language begins. Toys and materials are selected to help the development of gross and fine motor skills. While still needing a nurturing, secure environment, wobblers begin to explore their independence and start developing the beginnings of emotional and social stages. Our staff understands the developmental needs of the wobbler and introduce activities that help in the appropriate developmental stages of the 1 to 2-year-old.

Toddlers

A multi-fold curriculum is introduced to the toddlers that helps develop the traces of complex thinking and important social and emotional developments that occur during the toddler years. Learning to navigate through interest areas in the classroom and rotating in small groups help the toddler learn through a hands-on, creative, fun environment as academics are presented in an appropriate setting that meets the developmental needs of a 2 to 3-year-old.

Preschool

Preschool children enjoy spending time with other youngsters their own age and becoming involved with group activities. Structured educational programs introduce them to basic concepts in language arts, math, science, social studies, and art. We have specifically designed learning centers for individual and group projects that encourage children to make discoveries about themselves, fellow beings and the world we all live in and share. Our staff plans activities for groups as well as for individual children in order to foster their development in all areas.

Pre-kindergarten

Pre-kindergarten children exhibit growing physical and intellectual independence made possible by acquired physical skills and complex language. Daily structured educational programs stress language arts, math, science, social studies, and computer skills. There are also monthly field trips and an end of the year graduation ceremony. Creativity is encouraged and learning experiences presented as a healthy mixture of fun and challenge at our learning centers.

Voluntary Pre-kindergarten

Our state funded VPK program is a three-hour block of concentrated instruction with smaller class size and lower ratios. Inquire at the office about eligibility requirement and times offered.

After School Program

The program is attended by kindergarten and elementary school children. We offer a safe, stimulating environment with on-time transportation from school. After School is spent finishing homework, exploring computer fun, engaging in physical fitness, and game time spent with special friends. A midafternoon snack is served.

Summer Camp

Ask about our *Camp Explorer*[®] Summer Camp program.

A.P.P.L.E. Accreditation

All of our schools are A.P.P.L.E. accredited. Accredited Professional Preschool Learning Environment is a national early learning program accreditation. With over 700 accredited programs APPLE is 'Solid to the Core!' In Florida, APPLE is accepted into the Gold Seal of Quality program.

Gold Seal Program and History

In 1996, the Florida Legislature established the Gold Seal Quality Care program to acknowledge child care facilities and family day care homes that are accredited by nationally recognized agencies and whose standards reflect quality in the level of care and supervision provided to children.

In December 2004, Voluntary Prekindergarten (VPK) legislation was passed and signed into law. This bill requires participating child care facilities and homes to maintain quality care accreditation and higher education standards for staff. The Gold Seal Quality Care Program is an approved accreditation for child care providers to be eligible to participate in VPK.

Parental Involvement

Time is the most important investment you can make in your child. We encourage parents to be active participants in school activities. However, as a volunteer or guest of the classroom, a parent may not discipline, help with diapering or toileting, or be alone with children other than his/her own.

Children will be evaluated, formally and informally, throughout the school year while performing age-related activities and tested on material covered in the curriculum. Written progress reports will be sent home in the fall and spring for your consideration. Parent conferences are always available throughout the year.

Drop Off / Pick-Up Policy

All children must be signed in and out by a responsible adult of 18 years old or older. Every parent and authorized person is screened by **Raptor™ Technologies**, a registered sex offender database that searches across all 50 states. Proper I.D. is required. Our facility will not release a child to any adult who is believed to be intoxicated or impaired.

Meals

Breakfast may be brought and eaten at school until 8:30 AM. A nutritional variety of snacks including, but not limited to: milk, fruits, cheese & crackers, puddings, and raisins is provided by the school and served at mid-morning and mid-afternoon. You have the option to bring your child his/her own snacks.

Children may bring their lunch from home or buy a lunch from the school lunch program. If you choose to bring your child's lunch from home, please keep the lunch box and thermos bottles labeled at all times. We ask that all hot food items are sent to school in a thermos. In the Toddler through Pre-K rooms there will be no heating up of food in a microwave. Prepare a meal which is nutritious and to the liking of your child. State of Florida DCF holds the center responsible for overseeing that lunches served meet set quality standards. Please advise us if your child is restricted or allergic to any foods or drinks.

Television Practices

We believe the role of television in the preschool environment is for educational purposes only. Therefore, educational television programs or videos may occasionally be used in the classroom in conjunction with the curriculum and/or holiday themes.

School Wide Safety Rules

1. Do not leave your purses or valuables in the car when dropping off/picking up your child. Preschools are prime targets for "smash and grabs."
2. Do not leave any children – including elementary school age – unattended in the car while dropping off/picking up your child.
3. Do not leave your car running while dropping off/picking up your child.
4. After your child has been signed out, he/she is your responsibility. They are not allowed on the playground since they are no longer under the supervision of a staff member. Please hold hands with your child in the parking lot and do not send them back into the school by themselves if something was forgotten.
5. Please adhere to the "Cell Phone Free Zone" when dropping off/picking up your child.
6. For the safety of your child, only closed-toed shoes are allowed to be worn to school. This means no sandals, flip flops, or crocs. Water shoes are to be worn on water days and then changed to closed-toed shoes after water play.
7. Reporting Child Abuse – It is every employee's responsibility to report all suspected child abuse to the proper authorities.

Safety Procedures

1. If an accident/incident occurs at the school, a #4 form is filled out by the staff member who witnessed the accident/incident providing details. The #4 form is then signed by the staff member, a director, and the parent and kept on file at the school. A copy will also be given to the parent.
2. We follow the Broward County School District for closures due to inclement weather or other emergencies. Our emergency management plans are on file and in each classroom.
3. Our staff has been trained by SecureEd, former Secret Service agents, on an emergency and critical incident response plan customized for our school.

- You are welcome to bring in the following:
 1. one cupcake per child
 2. a birthday cake for the entire class, but please limit the size
 3. another snack such as fruit or cut up vegetables along with juice for the entire class.

Guidance Policy Agreement

For reference only (Registration Packet includes original version to be signed and returned)

State of Florida & Broward County / Governing Policies

At Creative Child Learning Center® we agree effective guidance should be an essential element of education at home as well as school. Self-discipline and character develop as a result of loving guidance and mutual respect. At times it becomes necessary to redirect a child in order to discourage behavior which is deemed destructive or unacceptable. We adhere to the regulations outlined in the State of Florida DCF Child Day Care Standards Booklet which states:

- Discipline is not to be severe, humiliating or frightening.
- Discipline shall not be associated with food or toileting.
- Spanking or any form of physical punishment is prohibited.

However, the parents are expected to provide effective guidance to their child when unbecoming behavior persists. Children should be taught by parents to behave in a proper, socially acceptable manner.

Good behavior is rewarded by immediate commendation or granting of special privileges. Unacceptable behavior is only handled by redirecting the child to an alternate activity. Whenever we encounter persistently poor behavior, a parent-teacher conference is scheduled in order to unite insights and provide the best possible resolution. For reoccurring aggressive behavior towards other children or staff members, the following actions **MAY** be necessary:

- Incident will be documented on an incident report form and signed by the parent
- Child will need to be picked up from school immediately.
- Child will be suspended from school the following day.
- In extreme cases, the child will be suspended from school for 1 week. (Parent is still responsible for tuition payment; however, a vacation week may be used if available.)

Our schools have participated in the Positive Behavior Support Program (PBS), focusing on communication skills, social skills, and self-management skills.

For the safety and welfare of all children, Creative Child Learning Center® reserves the right to suspend and/or expel a child from the facility. Therefore, if all strategies fail to cease the aggressive behavior, termination of enrollment may occur.
